Key: This table shows every secondary school, listed by local education authority area. Left to right, after the name and type of school, the columns show: Key Stage 4: GCSEs and equivalent qualifications. A. The number of pupils eligible for GCSE and equivalent qualifications. B. The proportion of candidates getting five or more A* to C-grades at GCSE or equivalent including English and maths. C. The rank within its local authority which the school achieved according to the

proportion of pupils getting five or more A* to C-grades at GCSE or equivalent including English and maths. D. The total average points score per pupil. GCSEs and equivalent qualifications judged to be equivalent to GCSEs are assigned points. For example, a GCSE, grade B – 46 points; BTEC Certificate in Applied Science, Distinction – 52. E. The percentage of pupils achieving the English Baccalaureate (EBacc). To achieve the EBacc a pupil must get at least a C grade at GCSE in English,

maths, science, a humanities subject (history or geography) and foreign language. KEY STAGE 5: A-levels, other academic and vocational qualifications. F. The average points score per full-time equivalent academic student at the end of Key Stage 5 (which usually means pupils in Year 13). This includes those taking courses such as A-levels and the International Baccalaureate. G. The average point score per academic entry. H. The rank within its local authority the school or college

achieved according to its points score per academic student. I. The average points score per full-time equivalent vocational student at the end of Key Stage 5 (usually means pupils in Year 13). This includes those taking courses such as BTECs and NVQs. J. The average points score per vocational entry. K. The rank within its local authority the school or college achieved according to its points score per vocational student. Ties are broken by the average number of points score per vocational entry.
